## **Fox RPM Corp. and Management Alternatives Merge to Form the Largest Relocation Management Practice in Washington, DC**

MA's Reed Stvan Joins Fox's Marta Garcia Arnold to Expand Their Presence and Better Serve Their Clients in the Federal and Commercial Markets

Fox RPM Corp. announced Wednesday, August 11, that it has completed a merger agreement with Management Alternatives, a relocation management firm in Washington, DC. Effective August 1, the two companies combined their operations in Washington, creating the largest, most experienced move management practice in the area. The company will do business in the Washington area as Fox Management Alternatives and Fox|MA.

Reed Stvan, President of Management Alternatives, will be the Managing Director of the Fox|MA Washington office. Mr. Stvan will work closely with Marta Garcia Arnold, principal of Fox's existing DC operations since 2004. Together they will be responsible for developing and maintaining strategic relationships and for managing the day-to-day operations of the business.

"The benefits of bringing these two great companies together were too large to pass up," said Reed Stvan. "We will be able to better service our clients through an increased breadth of services and combination of best-of-the-best practices, in both the commercial and government sectors. We believe our experience and success in managing complex and mission-critical moves is unsurpassed in the nation."

Marta Garcia Arnold adds, "We are thrilled that the core principles of our two companies – providing the most experienced people of the highest caliber with the sole goal of exceeding our clients' expectations - align perfectly. Furthermore, we both view our corporate integrity as one of our most important assets, and we look forward to working with all of our partners in the industry to execute some great projects."

Gretchen Fox, founder and President of Fox RPM Corp. sums up the corporate response to this merger by adding, "The entire team at Fox is delighted to welcome the MA team, and we look forward to achieving even greater success together in the years to come. This is an exciting event for us all!"
